

# Everything Brows

All you need to become an established brow specialist

by Kate Russell

# Our brand new Everything Brows training course

## Our Mission

We give our students the opportunity to learn “everything” needed to give you the confidence to solve any brow dilemmas and carry out treatments to suit their needs.

We are not a one brow treatment fits all kind of brand and we wanted to make sure our students also have this ethos, through a thorough consultation we will determine what route to take with the brows weather it's a course of brow recovery treatments or lamination each clients needs will be different and it's our job to deliver results driven treatments.

# Where it Started

Established in 2015 by Kate Russell who has over 20 years experience doing brows.

We quickly developed our very unique style of brows using a 9 step formula and our revolutionary Brow Recovery treatment has people travelling across the country because of the amazing and consistent results we produce, we teach on trend treatments that are very much in demand on the market today.

Our courses are accredited and insurance approved , we love seeing our students thrive into successful brow artists with business to be proud of.

We welcome newbies and people already doing brows that would like to learn our techniques and offer their clients a more in-depth brow treatment that essentially you can charge more for than a bog standard wax and tint, our price point is higher for a reason.

# What to Expect

Our training day is packed full of practical skills, with a live demo and a live model for students to work on.

We provide a full lamination kit and we keep classes small so that each individual can fully benefit and all get the time and attention they need to learn as much as possible on the day.

We post out pre study for you to learn at home so on the day we can concentrate on the practical side of things.

Once the course is complete we ask you to complete 4 case studies so we can further assist and help you with your learning. All brow club students will be given a discount code for our products and these prove to be a lucrative add on to brow treatment earning you extra revenue on brow treatments . We offer free ongoing support to all our students. And 0% interest payment plans

Lists of all our favourite tried and tested products will be available and suitable insurance providers.

# Potential Earnings

<i>Hours per day</i>	<i>Daily Earnings</i>	<i>Weekly Earnings</i>	<i>Monthly Earnings</i>	<i>Yearly Earnings</i>
2	£90	£450	£1800	£21600
